Why exhibit at Drug Discovery 2025?

“Yesterday’s technology won’t develop the medicines of tomorrow”

Prof. Chris Molloy,
CEO, Medicines Development Catapult

Renowned scientific content brings an active and engaged audience

- 16 scientific tracks across two days

Significant industry participation with over 75% of the delegates attending from pharma, biotech and contract research*

- Over 3,000 delegates attend, exhibitors receive a GDPR-compliant list of attendees.
- Complimentary login to SciLeads platform for additional information on delegates†

Programme designed with networking as a core activity to support our scientific exhibitors

- Coffee breaks at least 30 minutes and lunch 75 minutes, Day 1 networking from 17:00-19:00 in the Exhibition Hall

* More details of delegate statistics on [page 11](#)

† More information on [page 2](#)

Exhibition space and presentation options

For all exhibitors:

- GDPR-consented registration and attendee email list for one pre- and one post-event email;
- Lead-capture capability within the event app (for booth staff registered as exhibitors);
- Company listing in programme and on event website and app;
- 250-word company overview with hyperlinks within the event app;
- Marketing suite of graphics.

Booth (all-inclusive): Shell scheme booth, with furniture (1.8m x 1m table, 2 chairs), carpeting and electrical supply (one socket) included. Four meeting passes are included, additional passes can be purchased.

Technology Spotlight: Increase your visibility and increase booth footfall with a 5-minute Technology Spotlight presentation package. The Technology Spotlight presentation is integrated into the scientific programme. The package includes a booth (all-inclusive).

Industry Insider: Highlight a specific offering and reinforce your message with a compelling case study in a 15-minute podium presentation included within the main programme. Speaker information and abstract are posted in the app and online program. An effective way to demonstrate your expertise and innovations. The package includes a booth (all-inclusive).

Conference Partner: Showcase your latest breakthroughs, leading-edge technology or product updates to the entire audience in a 30-minute presentation (equivalent in length to that of an invited podium presentation). The content of your presentation must align with the track theme and explore the need for and science underpinning your innovation while not being overtly promotional. Speaker information, title and abstract are included in the app and webpage, and speaker and title are listed in the printed programme. Includes an all-inclusive double booth. Additionally, for Drug Discovery you will receive two invitations to the Chair's reception.

Option	Price
Booth (all-inclusive) 6m ²	£5,500
Booth (all-inclusive) 12m ²	£10,725
Booth (all-inclusive) 18m ²	£15,620
Booth (all-inclusive) 24m ²	£20,350
Technology Spotlight Upgrade* – 5 minute talk	£1,000
Industry Insider Upgrade* – 15 minute talk	£2,350
Conference Partner Upgrade ⁺ – 30 minute talk	£4,275

* Must be purchased alongside a booth

* Must be purchased alongside a 12m² booth

SciLeads

SciLeads is the #1 lead generation platform for science.

We are providing EXCLUSIVE access to SciLeads for ELRIG exhibitors to manage their pre-show prep!

This will provide exhibitors with Scientific Profiles of all registered attendees for the ELRIG conferences. On the person level it will include their contact details, their funding history, their research history, their network of collaborators. On the organisation level, it will provide their funding history, their research areas, exact prices of their products, and any clinical trials they're involved in.

Floorplan

Note: Viewing Terrace and break-out rooms on 1st floor

Scientific programme tracks

Track title	Day	Venue
Advances in robotics and automation for life sciences, supported by SLAS	1	Auditorium 1
Advanced and sustainable models for drug discovery	1	Auditorium 2
Alzheimer's Research UK - From bench to brain: hit-finding approaches in neurodegenerative disease therapeutics	1	Auditorium 3
Chemical biology and 'omics for small molecules - technologies, developments and learnings	1	Auditorium 4
Proteins as therapeutics; Structure and biophysics, supported by the Protein Society	1	Viewing Terrace
SiLA - automation track	1	Tech Theatre
Breakthrough Zone Company Flash Presentations		Breakthrough Zone
Accelerating delivery of patient benefit for all cancer patients - supported by Cancer Research Horizons	2	Auditorium 1
From concept to clinic: Accelerating the path to life-changing therapies	2	Auditorium 2
Sustainable drug development : How can we mitigate environmental impact	2	Auditorium 3
RSC - Chemistry and innovations in drug discovery	2	Auditorium 4
Use of novel technologies to enable drug discovery and drug repurposing	2	Viewing Terrace
Making The Impossible Possible: Using Artificial Intelligence To Tackle Challenges In Drug Discovery	2	Tech Theatre
Scientific Entrepreneurship	2	Breakthrough Zone

Exhibitor workshops

ELRIG can provide space in one of the Exhibition Hall Theatres during Drug Discovery 2025 for you to run a workshop, drop-in clinic or similar.

The theatres have a capacity of 40 people and a dais / stage area. AV support will be provided.

Available in every refreshment break.

These theatres are open to the main exhibition area, as well as invited participants, you may get drop-in attendees.

AZONETWORK.COM

Codon Communications

We'll be hosting a media lounge in the ELRIG Hub at Drug Discovery!

We're working with several life science trade publications to coordinate interviews and post-event reports, giving you the opportunity to share your news and connect with editors and journalists.

Please send us a pdf copy of your press release and we'll share it with reporters and post it on the Drug Discovery website. You're also welcome to bring along copies of your news to display on our stand in the media lounge at the event.

If you'd like any help with your upcoming news announcement and media outreach, please get in touch with our recommended PR partner, Codon Communications.

About Codon Communications

Codon develops curated PR solutions for transformational biotech companies at every stage to help establish brand credibility, raise awareness of their pioneering products, elevate their reputation as key opinion leaders, demonstrate corporate value to investors, and connect with customers and collaborators. Driven by PhD-level scientists with expertise in PR and marketing for bioscience companies, Codon offers a rare combination of high-level scientific understanding and more than a decade of experience in science communication. We pride ourselves on delivering scientifically sound content and a portfolio of reputation-building, audience-engaging PR for the life science industry through our trusted relationships with the trade media and global industry network.

CODONCOMMUNICATIONS.COM

RSK Media

If you are exhibiting at Drug Discovery 2025 make the most of your presence BEFORE, DURING and AFTER the event with a #LiveWithChaudhrey promotional package.

Featuring a preshow LinkedIn post, an onsite interview from the show, and an additional post show LinkedIn post to my 19,800 plus LinkedIn followers who work across Life Science, Pharma and Biopharma.

Plus you get a copy of the video interview and pictures from the show to use after the show as wish!

At just £750 net the package (normally £845 net) offers a great value package to complement any marketing you are planning to do around Drug Discovery 2025.

You can see an example of a package from 2024 below:

SelectScience

Broadcast your technology news, associate your brand with thought leaders, and nurture sales interest beyond the conference.

Are you presenting a technology spotlight, industry insider presentation or other product news? Let us help you capture this content as video, broadcast it to ELRIG and SelectScience members online and help you use this content to nurture those who didn't attend the conference.

Do you want your brand associated with the high-quality ELRIG scientific speakers? Be the exclusive sponsor of a webinar event post show to a global audience.

You can also promote your products, applications and solutions to a new audience following the conference by contributing to one of our upcoming editorial features exploring Advanced Therapy Discovery & Development and Gene Therapy.

This is a unique, first-come, first-served opportunity for exhibitors to expand awareness and thought leadership into this important market, nurture interest around the event, and generate new contacts and leads.

About ELRIG

Who we are

ELRIG, a market-leading UK-based not-for-profit volunteer-led organisation, is dedicated to delivering inspiring events to the dynamic life science community.

Our roots were originally in the application of automation, robotics, and instrumentation in laboratories, although we continuously evolve to meet the sector's shifting needs.

With a global community of over 22,000 life science professionals across all levels, ELRIG remains committed to accessible and inclusive events. Participation at our conferences, forums and networking events is free and unrestricted, reflecting the rich diversity of our community, and enabling learning and collaboration across disciplines, academia, and biopharmaceutical organisations.

Strategic Pillars

Events

- Best in class events
- Curated topical content
- Free to attend

Presence & Awareness

- Trusted brand
- Cross-community collaboration
- Growing digital presence

Equality, Diversity & Inclusivity

- Accessible to all
- Promoting engagement and collaboration
- Celebrating diversity

Sustainability

- Ethical and transparent
- Operational excellence
- Environmentally and economically sustainable events
