

ELECTRICAL INSTALLATIONS

IMPORTANT: PLEASE READ CAREFULLY

1. The price includes hire of equipment, installation, electrical charges, maintenance and removal.
2. All electrical installations (including main only) must be ordered via the main electrical contractor ford + barley exhibitions ltd.
3. All electrical installation must comply with the Venue Regulations.
4. Only one four way trailing outlet (maximum 500 watts) per socket may be used.
5. Flexible cord (round cable) may not be longer than two metres.
6. Any complaint regarding the electrical installation must be reported in writing before the close of the exhibition.
7. Unless specified with a drawing the installation will be fitted at the electrician's discretion.
8. If any electrical fitting/s are positioned within the stand i.e. not attached to the walls or fascia, please make sure that the corresponding light battens have been ordered from ford + barley exhibitions ltd.
9. Clients tracks must be installed by the owner/agent. The connection of the electrical supply to the track will be made by ford + barley exhibitions ltd.
10. No allowance has been made for maintenance to clients own fittings / tracks during the exhibition.
